

AMAZINGLY INTELLIGENT

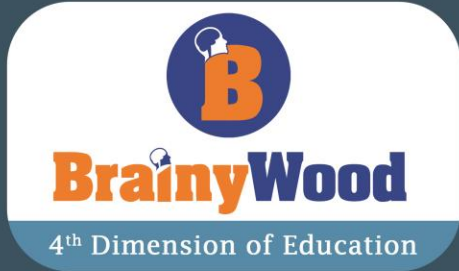

INDIA'S MEMORY TEST

(FIRST TIME IN YOUR CITY)

FOR CLASSES 3rd TO 12th

**BECOME A
MEMORY KING OF INDIA**

AN INITIATIVE BY -

Brainywood is a **Guinness World Record Holder** Ed-tech Organisation based out of Rajasthan, India that is engaged in research & development in the field of innovative learning and brain science. Its research training programs have benefited more than 5 lakhs families and over 10 lacks audiences across the nation through its seminars, workshops, institutes, and franchise training models. The company has made its presence across the nation through its brain science concept. It is the only organization in the Asia-pacific region which is having all three- Guinness Book of World Records, Asia Book of Records, and India Book of Records registered by its brand name “Brainywood” in the field of brain science.

Brainywood app is the Learning Partner for all the students who will be participating in India’s Memory Test. The organization has developed an innovative app to reduce stress in education and increase the memory of children by sharpening their minds. This app is based on brain science, which gives **MEMORY TRAINING** to children and teachers sitting at home and teaches them to read with scientific methods.

PRONES ASIA

Head Office:
#1079, Jalan Kolam Air,
Taman Indah Tampin,
Negeri Sembilan
,Malaysia-73000

PRONES Asia is a renowned organization working to unite educationists, and entrepreneurs throughout Asia and build bridges that create a platform of equality and seamless globalization in the sectors of education, tourism, and business. PRONES Asia’s network spanned five major nations on the Asian continent. They are committed to creating a business environment that dissolves all the concerns of doing business with the help of leading nations and develops an international channel that allows all Asian countries to play major roles in global economic development. A smooth business requires a two-way road, to ensure a healthy ecosystem to promote education and of doing business that is providing holistic support, startups, and spirited entrepreneurs with a dynamic vision in all the cities including the tier II and tier III cities.

Quality Education and International trade are what bring nations together and create a harmonious business environment with a far-reaching approach. PRONES Asia plans to eliminate all the hindrances and promote ease of trading in Asia so the future of trading remains prosperous.

Break, Set and Create the Amazing Records

The world is filled with talent, but due to a limited number of platforms, there is always a challenge for students and educators having such talents and skills to emerge and make a mark. Hence, National Education Records {NER} has taken the initiative to motivate and appreciate people to showcase their talents and skills by creating and breaking an unlimited number of records in various categories on the National and Global Stage.

Join the Family of Record Holders.

Giving Students, Teachers, and School an opportunity to display their talents. It's time to make the mark! So, If you have any amazing talent that makes you different from the rest then NER will give you the space you need.

TRAIN YOUR BRAIN AND SHOWCASE YOUR MEMORY

Dear Students,

As we know that after Covid, students have suffered a lot. There have been changes in the lifestyles of the students, their reading and learning habits, and many other things affecting their overall academics and according to various reports, things related to student's memory and studies have also suffered. To Retain and Revamp all these, Let's return to studies with a new and powerful mind. Every child has unlimited potential, but they never get a chance to witness it. At the time of examination, majority of the students forget what they memorized. Children can do a lot better if they train their minds in the right direction.

I welcome and invite you all to be a part of the 1st ever and India's Biggest ever event:

INDIA'S MEMORY TEST 2022.

DR. VINOD SHARMA

Guinness, Asia, India World Record Holder
Internationally Awarded and Renowned Memory Expert
